

How to Access Your Zoom Code and Password For Class

online classes on:

As we continue online classes through the Zoom site, we want to make access to your Zoom code and password even easier. Don't wait for the email! Access your code and password as soon as you pay and your account updates with your payment.

Make sure pop-ups are allowed for our site, and follow these steps to access your code after you pay for class and Return to Merchant:

1. On the Home page, you will see a yellow "Student Account" button beside your child's name.
2. Click that yellow button and choose the first option, "check in / attendance"

The screenshot shows the website's home page. At the top left is the "Champions In Motion" logo. The navigation bar includes "Home", "Events", "Classes", "Get Help", and "Cart(0)". On the right, there is a user profile section with "user [redacted] Account" and a "LOG OUT." link. A prominent red banner with the word "Start" is centered below the navigation. The main content area features a "Students" section with a blue header. Below the header is a light blue box containing the text: "**If you do not see the class your child has been registered for under the Check-In page, do not register for the class again. Please click [here](#) and contact us for assistance.**". Underneath this box are two user profile icons with redacted names. To the right of the icons are two "Student Account" dropdown menus. The top one is yellow, and the bottom one is grey. The bottom dropdown menu is open, showing three options: "check in / attendance" (underlined), "edit", and "upcoming events". At the bottom of the page, there are two green buttons: "Register For Events" and "Register For Session".

3. On the “calendar page”, click [* Online Lesson *](#) in the week you just paid for.
